Gardening for Good

EDUCATION • SERVICE • FRIENDSHIP

Education · Service · Friendship

Wisconsin Garden Club Federation invites you to explore a club near you—learn gardening, landscaping and floral design. Join us as we investigate the environment and tour beautiful gardens!

We encourage anyone with an interest in gardening to join a club. Along with learning new garden skills, members participate in garden-related projects for special causes, civic beautification, conservation, youth gardening and disaster relief. As a member of the National Garden Clubs, Inc (NGC), we can reach out to over 175,000 like-minded individuals around the world. We collaborate with conservation groups such as The Wild Ones, Monarch Watch, National Wildlife Federation and the United States Forest Service.
